

Report for 2009

President's report

I would like to thank the members of committee who have been such a support during the past year. Sarien our hard working Secretary. Vince who has done a fabulous job as Treasurer, Tom our Web Master and Tutor, Arthur who has kept the PSN mail going. Plus Alvin for resurrecting the Social side of the club. The 10th Birthday for example was very successful ! In fact there has been so much help from everyone.

We have a Sub Committee also as you know and they have helped with setting up the hall and preparing tea. Rob Waugh has done a great job running the PSN Library at the General Meetings too - (***That post needs someone now !***)

The computer room has been upgraded this year and new Computers installed and working well (apart from a few hiccups!). Tom Hoffman has worked very hard heading the learning programs. Arthur Turvey has assisted on General Help days.

We've enjoyed many speakers during the year too. Including talks about Computers, Cane Toads, keeping active, Members of Parliament and Perth Zoo enthusiast!

Although our application to Telstra for a Grant to help with the cost of lessons and equipment for mobile phone education was unsuccessful, with a bit of ingenuity we were able to take that on ourselves using Training discs from Vista.

We have enjoyed more Photographic Sessions from Kingsley Klau this year too, which have been very popular.

The First and Second Click programs which we fund through a grant from the Educational Dept are doing well helped by the coordinating skills of Kerrie at Ac-cent Mandurah.

As members of ASCCA, we have received a great deal of information, Newsletters plus learning disks which have broadened our horizons. Some members have entered various competitions also.

Your committee has been in attendance at local seminars such as Constitution revitalizing. Now in the pipeline.

The year has been completed with Peel Seniornet receiving a nomination for the WA Regional Achievements & Community Awards which is very pleasing.

To conclude, again thank you all for your support this year.
